

## Canyon Ranch holds first residents' party

Savor sumptuous California-style meat and seafood barbecue, grilled to perfection in hardwood fire. Spend quality time with your family in an outdoor picnic amid a cool climate and lush greenery. Make new friends as you meet neighbors in your new, exclusive Wi-Fi-integrated community.

These and more have been lined up for homeowners and visitors on Sunday, March 4, in Canyon Ranch in Carmona, Cavite, as it holds its first community gathering.

The project is Century Properties' first horizontal development in the area.

Inspired by the festive spirit of California outdoor barbecue picnics, the party will treat homeowners to a day of fun and camaraderie. There will be free tours within the San Lazaro Leisure Park and Casino Filipino, as well as raffle draws where participants can win home showcases. The first 50 guests who arrive will bring home a

special prize.

"We are also celebrating our success, as Canyon Ranch is already 99 percent sold out," said Marco Antonio, managing director of Century Properties.

Century Properties is behind many firsts in Philippine vertical and horizontal developments

such as the award-winning Essensa East Forbes; South of Market, the first fully-fitted and fully-furnished condominium; Grand Soho Makati, the fully-fitted and fully-furnished condominium with three interior design options; Soho Central, the first transportation-oriented development; Canyon Ranch, the first Wi-Fi-integrated community in the South; and The Casitas at Canyon Ranch, the first fully-serviced homes in Asia.
